Change Notification #: 114555 - 00
Change Title: Select Intel® Processors,
PCN 114555-00, Product Marking,
Implementation of 2 Alpha Character
Country of Origin Code on Mark
Date of Publication: May 3, 2016

Key Characteristics of the Change:

Product Marking

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	June 2, 2016
---	--------------

The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

For standardization purposes, Intel will be implementing a new two alpha character Country of Origin (COO) mark on all lidded Intel products. This change will replace the current full character COO (e.g. USA) mark content with the new two alpha character COO (e.g. US) on the products listed in the "Products Affected/Intel Ordering Codes" table below.

The new COO marking change will be visible to customers, however this change will not impact product performance, quality, reliability, interchangeability, functionality or manufacturability. This is only a visual change to these products.

See the images provided for current and new marking comparison and Country of Origin Translation Table for reference.

Current Device ID location (example)	New Device ID location (example)

Country of Origin Translation Table:

Full Country Name	Current Intel COO	New 2 Alpha Character COO ISO* Standard
USA	USA	US
Malaysia	Malay	MY
Vietnam	Vietnam	VN
China	China	CN

*International Organization for Standardization (ISO-3166) to enable alpha two character codes for country of origin.

Customer Impact of Change and Recommended Action:

Intel anticipates no impact to customers. This is a visual change and does not affect the form, fit, function or reliability of the processors.

During the transition period, customers may receive shipments with both current and new marking on the products until inventory has been depleted.

Please contact your Intel Field Sales Representative with any questions, requests or concerns.
