

## **SVHC Disclosure**

### **REACH SVHC (247)**

**Prepared for:** Avnet

In compliance with the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) regulation (EC) No. 1907/2006 and the UK REACH regulations, Isocom Components 2004 Ltd have assessed the articles listed on page two of this document for the presence of any substances of very high concern (SVHCs).

#### **The articles listed on page 2 of this document contain SVHCs**

We confirm that the articles listed in this document contain substances of very high concern (SVHCs) specified in the current list published by the European Chemicals Agency (ECHA), at concentrations above the threshold of 0.1% w/w.

Please see the table on page 2 for more information.

This declaration is based on information provided by our suppliers and our internal assessments. We are committed to maintaining compliance with REACH legislation and will continuously monitor any changes in regulations or the composition of our products.

An updated list of 247 SVHCs was published by the European Chemicals Agency (ECHA) on June 27th, 2024. The full list can be found at: [ECHA Candidate List](#). Additional information on the European Union's REACH regulation can be found here: [Understanding REACH](#). UK-Specific REACH information can be found on [Legislation.gov.uk](https://legislation.gov.uk).

This statement is valid for the articles listed on page two of this document and is correct as of the date below. Should you require further information, please contact us at [compliance@isocom.co.uk](mailto:compliance@isocom.co.uk).

**Dated:** 21<sup>st</sup> Feb 2025

Nathan McDonough  
Technical, Quality Assurance, and Compliance Manager

## Articles Containing SVHCs:

Part Number	SVHC Substance	CAS Number	Concentration	Safe-Handling
H22Ax H21Ax IS100 IS200	1,3,5-Tris(oxiran-2-ylmethyl)-1,3,5-triazinane-2,4,6-trione (TGIC)	2451-62-9	13% (1.84mg)	<p>Due to encapsulation, the likelihood of user contact with TGIC is extremely low.</p> <p>If the device casing is damaged, use gloves and protective eyewear when handling, avoid inhalation of any dust created.</p> <p>Follow applicable regulations for the disposal of articles containing SVHCs.</p>

**Note:** Isocom Components 2004 Ltd offers a wide range of products compliant with various regulations and standards. This declaration has been created specifically to cover the parts requested and is not representative of our entire product range. For more information, please contact us at [compliance@isocom.co.uk](mailto:compliance@isocom.co.uk).
