Please provide us with copies of all tax exemption certificates.

Sales Tax Information for Drop Shipments and Documentation Requirements

Avnet is registered for the collection of sales and use taxes in every state that imposes such a tax, with the exception of Maine, North Dakota, West Virginia, and Wyoming.

With Avnet's registration comes the responsibility to collect tax on all sales unless our customer claims an exemption and provides valid documentation in the form of an exemption certificate that is valid for the ship to state.

If our reseller customer does not have a physical presence in the ship to state, registration for sales tax purposes may not be required. In this instance, our reseller customer cannot provide a valid exemption certificate for the ship to state. Nevertheless, since Avnet is registered in most states, we are required to collect tax on our sale of hardware or taxable services when we have not obtained a valid exemption certificate for the ship to state from our customer in order to support an exemption of tax.

Some states require Avnet to collect the sales tax without exception when a valid exemption certificate cannot be obtained from our customer. Other states, somewhat more lenient, do not require the collection of sales tax if Avnet has obtained our customer's exemption certificate for the home (domicile) state.

Tax planning alternatives include:

- Register in those states where there is a significant end user base. A valid exemption certificate could then be issued to Avnet. States will allow a vendor without a physical presence to register as an out of state reseller.
- Take delivery of the product in the home or domicile location and trans-ship the product to the end user customer.
- Incorporate into the selling price to the end user an additional amount to cover the sales tax Avnet is required to collect on the sale.

Please complete the attached multi jurisdiction exemption form with your exemption numbers for all states in which you are registered, and completely fill out all required fields, including type of business engaged in and type of product purchased. These descriptions can be very broad, such as "Resale" or "Computer hardware, software or services".

There are a few states that require a special form to be completed. If you have registration in Florida, Louisiana, Massachusetts, Mississippi, New York, Virginia, West Virginia or Wyoming please contact Avnet's Sales Tax Compliance Department. Email us at sales-tax@avnet.com, or call 480-794-6104.
