Bill of Lading and Routing Instructions:

1. Billed weight is determined by the greater weight; actual weight or dimensional weight.
2. **Should you have a shipment that is greater than 8,000 lbs. (either actual or dimensional) contact Avnet transportation for shipping instructions.**

6. All shipments must be picked up prior to 17:00. Should a carrier need to make a late pickup additional charges may be debited to your account.
7. **Do not insure or declare a value unless specifically instructed to do so by Avnet.**

13. Any shipment sent collect with a non-authorized carrier will be charged back to the shipper.

How to determine the total chargeable weight for ground shipments

$$\text{Dimensional weight in pounds} = \frac{\text{L} \times \text{W} \times \text{H}}{194}$$

L = Length in inches

W = Width in inches

H = Height in inches

The instructions in this document supersede previous shipping instructions and are to be followed except when authorized by our Materials Department. Excessive freight charges due to shipments being tendered contrary to our instructions may be debited to your account.
