Exceptions in accordance with Annex III of the Directive, point 7c. 1:
Articles and applications that have to be produced using electrical and electronic components contain lead in glass or ceramic other than dielectric ceramic in capacitors, e.g. piezo electronic devices, or in a glass or ceramic matrix compound are subject to this exception and are likewise RoHS-compliant.

Conformity declaration – REACH

As a manufacturer of electronic and electrical products, IST AG is a “downstream user” in the sense of the REACH Regulation 1907/2006(update 15/01/2019). Obligations relating to the manufacture and marketing of substances / chemicals for pre-registration and registration (ECHA) do not apply to us. Our goods are products and are not, therefore, defined as a substance/preparation. Moreover, no substances are released by our goods under normal and foreseeable conditions of use. Thus, IST AG is not subject to compulsory registration and is not obligated to create safety data sheets. In order to guarantee our customers a continual supply of reliable and safe products, we ensure that our suppliers comply with all requirements in relation to chemical substances and materials.

We comply with the obligations of the “ECHA Guidelines for Downstream Users”.
