

Services & Support

DESIGN CHAIN SERVICES®

Avnet offers engineers a host of services from any point in the design cycle from concept to architectural design to new product introduction and on through next generation modification or end-of-life. Avnet has the technical products, services and tools to accelerate design cycles – including ASIC and programmable logic engineering services, IP cores and more. With offerings that run the gamut from Web seminars to connector assembly, Avnet offers it all.

Assembly and Programming

- Commercial and military interconnect assembly
- Custom cable assembly
- Device programming
- Motor modification
- ElectroAir™ avionic components
- Power supply modification
- Thermal management

Design Tools

- Design Resource Center
- Development and evaluation kits
- Embedded OS solutions
- IP cores

Engineering Services

- ASIC design / FPGA design
- Systems design
- Design service partners

Technical Education

- SpeedWay Design Workshops™
- On-Ramp Technical Sessions™
- Seminars / Webinars

SUPPLY CHAIN SERVICES®

Avnet optimizes supply chains by providing end-to-end supply chain services to electronic original equipment manufacturers (EOEMs), Electronic Manufacturing Services (EMS) providers and electronic component manufacturers. By combining internal competencies of global warehousing and logistics, finance, information technology and asset management with objective, external industry-wide data, Avnet's supply chain services allow customers to increase their overall business knowledge – enabling more informed decisions.

Component Intelligence

- Bill of material (BOM) analysis
- Inventory optimization services
- Green initiative programs

Supply Chain Assessment

- Discovery and logistical analysis
- Financial analysis
- Project implementation

Inventory Management Solutions

- Bonded inventory programs
- EDI Point-of-Use Replenishment Systems (POURS)
- Vendor-managed inventory
- In-plant stores
- New product introduction (NPI) program support
- Pipeline inventory from forecasts
- Inventory ownership programs
