Products - IoT Security

Partnering with industry-leading suppliers, Avnet brings you the preferred alternatives of IoT security products.

STMicroelectronics

ST25R3911B, High performance HF reader / NFC initiator with 1.4 W supporting VHBR and AAT

Maxim Integrated

MAX1061

Microchip

SAM L10 and SAM L11 MCU families

Nordic

nRF52840

NXP

i.MX-6ULZ

ON Semiconductor

AR0522 - CMOS Image Sensor

Texas Instruments

CC3220

Vishay

RAMK series

Xilinx

Cybersecurity Concept Design
